

I request that NJ's "DO Not Call" program be allowed to remain in full force as it now stands. If repealed, I shall simply hang up on unsolicited calls.

If I desire contact, I should be permitted to opt in - not be instead bothered or harassed by companies I have no interest in doing business with.

Protect my privacy and my rights.

I got an unlisted number for that reason! Yet, telemarketers invaded my privacy anyway before NJ's DO Not CALL list was instituted.

I value peace and quiet.

Thank you!
